

I'm writing this letter to recommend Tim Holliday and Children's World Uniform Supply for any of your promotional product or embroidery needs. Spirit FM has been working with Tim for a couple of years and in that time every one of our expectations has not only been met but also, exceeded.

I've worked with many promotional product companies and vendors and by far, Tim has been the most courteous, dependable, honest and organized. My first experience with him was when another company went out of business with a check from me in their hands. We were out our money and we didn't have the mugs we'd ordered. Tim came to the rescue very quickly and got us new mugs at a great price, all in time for the event for which we needed them.

Tim is a pleasure to work with. He's quick to reply with product options and he will work diligently to get the best product at the best price. He also has a great eye for quality. Picking out even the simplest item, like a pen, can be overwhelming when you see all the choices available. I trust Tim to make any preliminary decisions to narrow down the selections. We work on a very tight budget and I know Tim will recommend the best looking and most appealing item within our price range, never trying to push us to spend more.

One thing I appreciate about the way Tim does business is his organization. He takes notes on what products we order for certain occasions and come the following year, he'll follow up to say, "It's time!" I know it's smart on his part to remind me when I should make a purchase, but his reminder never comes with pressure. He's just letting me know that if we want to make an order for a particular annual event, the time has come. Without his follow-up, I would probably be running behind on most of my orders. It's like I have a personal promotions assistant! With that said, he has also come through in a pinch when I've come to him with a last minute order, even to the point of delivering the product himself.

Recently we had Tim and Children's World Uniform Supply embroider shirts for the staff at Spirit FM. We made some strange requests when it came to placement and colors and I told Tim to use his best judgment because I knew I could trust his taste. Everyone commented on how nice they turned out.

I would not hesitate to recommend Children's World Uniform Supply to you for any of your needs. We've ordered mugs, t-shirts, tote bags, bumper stickers, flashlights... the list goes on and on. I've been pleased with every item (and my boss has too!). Tim Holliday and his company are quick, reliable and most importantly, they care about the quality of their work and reputation.

Please don't hesitate to call if you like to ask any questions about my experience with Tim or Children's World. I'd be happy to share.
